IN THE TRADITIONAL COMMEDIA DELL'ARTE PUPPET BOOTH

Italy's favourite clown, Harlequin/Arlecchino, launches himself into hilarious adventures and misadventures in a series of witty fast-paced, action-packed comedies.

Bouncing off a cast of eccentric characters, Harlequin gets himself into and out of one ridiculous situation after another. Whether he is seeking True Love or a bowl of spaghetti, Harlequin can be counted on to entertain all ages - just as he's done these last 500 years.
